March 18, 2020

WRPS is capturing all costs associated with impacts due to coronavirus (COVID-19) Stop Work actions. COA **JN10** has been established in support of segregating costs and is available for use. Please use this COA to capture costs associated with all Stop Work declarations related to COVID-19 from Monday, March 16 forward. This COA shall be used to capture all idle time resulting from COVID-19 Stop Work actions until resources can be reassigned to other approved work activities. Please cascade to your teams as appropriate.

If you have any questions, please contact Nathan Morgan or me for additional information.
